

CLIMATE CHANGE POLICY

Tata Pigments is aware that Climate Change is a serious problem for our planet going forward and commits itself toward taking steps for mitigation.

It will play a leadership role in climate change by being knowledgeable, responsive and trustworthy, and by adopting environment-friendly technologies, business practices and innovation, while pursuing its own growth aspirations and the enhancement of shareholder value.

Tata Pigments will strive to :

- ❖ Be the benchmark in their segment of industry in energy consumption, for their plants and operations.
- ❖ Engage actively in climate change advocacy and spreading awareness about climate change among its stakeholders
- ❖ Incorporate 'green' perspective in all key organizational processes.
